[Suspension Order S-901]

CARL GUTMANN & CO.

Carl Gutmann & Company, a partnership consisting of Herman Rottenberg, Marcus Rottenberg, Rosalie Rottenberg, Charlotte Rottenberg, Samuel Bergman and Ruth Bergman, is engaged in the manufacture and jobbing of women's and children's clothing at 132 West 36th Street, New York City. During the months of January and February, 1945, the partners knowingly purported to apply a preference rating of AA-3 to purchase orders for 494,600 lbs. of cotton yarn, and 236,000 lbs. of wool yarn, although they were not entitled to do so, and upon such unauthorized use of the foregoing rating obtained 103,631 lbs. of cotton yarn and 59,779 1/4 lbs. of wool yarn, in violation of Priorities Regulation No. 3. The partners of the Carl Gutmann & Company were familiar with the provisions of Priorities Regulation No. 3 and their actions constituted willful violations thereof.

These violations have diverted critical materials to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.901 *Suspension Order No. S-901.* (a) Herman Rottenberg, Marcus Rottenberg, Rosalie Rottenberg, Charlotte Rottenberg, Samuel Bergman and Ruth Bergman, their successors and assigns, shall not from the effective date of this order, to and including November 30, 1945, apply or extend any preference ratings regardless of the delivery date named in any purchase order to which such ratings may be assigned, applied or extended.

(b) Herman Rottenberg, Marcus Rottenberg, Rosalie Rottenberg, Charlotte Rottenberg, Samuel Bergman and Ruth Bergman shall cancel immediately all purchase orders which have not yet been filled, except that if they have extended a customer's rating to get an item for delivery, without change in form, to that customer (as distinct from replacing it in inventory) they need not cancel the rating provided the item when received is promptly delivered to the customer whose rating was extended.

(c) All preference ratings, allotments and allocations presently outstanding in

connection with purchase orders or placed by Carl Gutmann & Company prior to the termination of this order, are void and shall not be given any effect by suppliers of said Carl Gutmann & Company, by any other person or persons.

(d) Nothing contained in this order shall be deemed to relieve Herman Rottenberg, Marcus Rottenberg, Rosalie Rottenberg, Charlotte Rottenberg, Samuel Bergman and Ruth Bergman from any restriction prohibition or provision contained in any other order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(e) The restrictions and prohibitions contained herein shall apply to Herman Rottenberg, Marcus Rottenberg, Rosalie Rottenberg, Charlotte Rottenberg, Samuel Bergman and Ruth Bergman, doing business as Carl Gutmann and Company or otherwise, their successors and assigns, or persons acting on their behalf. Prohibitions against the taking of any action include the taking indirectly as well as directly of any such action.

(f) This order shall take effect on September 19, 1945.

Issued this 12th day of September 1945.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-904]

OHIO VALLEY LUMBER CO.

Ohio Valley Lumber Company, a Pennsylvania corporation, with its principal office at 328 14th Street, Ambridge, Pennsylvania, is engaged in the retail sale of lumber and other building materials. Between August 1, 1944 and December 31, 1944, it placed rated orders or purported to apply or extend preference ratings to orders, although not entitled to do so, to the extent of 288,666 board feet, in violation of Priorities Regulation No. 3. The responsible officer of the corporation was aware of the provisions of Priorities Regulation No. 3 and its action constituted grossly negligent violations thereof.

This unauthorized use of preference ratings to get lumber has diverted scarce material to uses not authorized by the War Production Board. In view of the foregoing, it is hereby ordered, that:

§ 1010.904 *Suspension Order No. S-904.* (a) Ohio Valley Lumber Company, its successors or assigns, shall cancel immediately all preference ratings which it has applied or extended to orders for lumber and which have not yet been filled. This does not apply to material already delivered or in transit for delivery on the effective date of this order.

(b) Ohio Valley Lumber Company, its successors or assigns, shall not extend preference ratings unless such extensions are of ratings actually received from its customers on and after the effective date of this order.

(c) Nothing contained in this order shall be deemed to relieve Ohio Valley Lumber Company, its successors or assigns, from any restriction, prohibition or provision contained in any other Order or regulation of the War Production Board except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on September 19, 1945.

Issued this 12th day of September 1945.

Recording Secretary.

PART 1395—NONFERROUS FOUNDRY PRODUCTS

[RMFR 125, Amdt. 10]

NONFERROUS CASTINGS

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation No. 125 is amended in the following respects:

1. Section 1395.1 (b) is amended to read as follows:

(b) Nothing in this regulation or in the General Maximum Price Regulation shall apply to any sale, contract to sell, or delivery of nonferrous castings by any person whose total sales of nonferrous castings, other than nonferrous castings which are exempted from this regulation by § 1395.1 (c), were less than \$12,500 for the preceding three months period ending on the last day of December, March, June or September, as the case may be (here called "calendar quarter").

In figuring total sales for a calendar quarter, a seller who supplies casting under a toll or conversion agreement shall include his toll charge and the current maximum price of the metal supplied by his customer.

2. Section 1395.1 (c) is amended by the addition of the following note at the end thereof:

NOTE: For the purposes of subparagraphs (4), (5) and (6), the cost of machining and the cost of the casting shall be figured on a current basis, i. e. by the seller's most recent cost determination of wage rates, burden rates and material costs.

3. Section 1395.15 (a) (4) is amended to read as follows:

(4) "Castings of the same class" means nonferrous castings which possess a cer-

tain similarity. Only castings of the same type are considered to possess this similarity. (The following are examples of what is meant by castings of the same type: Two bushings, two cylinder heads, two pistons, two elbows, two propellers or two valves.) However, any two castings of the same type shall be considered to be sufficiently similar to be castings of the same class unless:

(i) They are made from different base alloys or metal of different alloy groups within any one of the base alloys (for listing of alloys groups see § 1395.3 (c)); or

(ii) They differ by more than 20% (figured on the lighter casting) in shipping weight or estimated shipping weight, except that difference in weight due to differences in machining shall not be considered; or

(iii) They differ in design or specification, including quantity, because of the direction of the customer or the order of a governmental agency and such change in design or specification results in (a) differences in size, weight, intricacy, tolerances, inspection requirements, or process of production and (b) likewise involves a difference in total cost of manufacture of 5% or more per pound (figured on the basis provided in § 1395.4).

A group of castings sold at a flat price may be considered as of the same class as another group of castings. The tests to be applied in determining whether groups of castings are of the same class are the weight and cost tests used for individual castings, except that average weights and costs shall be used. In addition the distribution as to types of castings within the group being compared should be substantially the same.

NOTE: A maximum price for a "group of castings" should not be confused with frozen flat prices which have been set with reference to only one or two bases such as alloy, weight, customer, or the like.

If castings are identical except that they are made from different alloys within the same alloy group, they are considered as castings of the same class but the maximum price is to be adjusted as provided in § 1395.3 (c).

This amendment shall become effective September 24, 1945.

Issued this 19th day of September 1945.

Administrator.

Such appraisal certificate shall promptly be made available to the public; on reappraisal, all previous certificates shall be cancelled.

4. Section 4 (d) is amended to read as follows:

(d) The maximum price for the sale and delivery of rough rice at any point other than the country shipping point or the point of production shall be the applicable maximum price specified in paragraph (c) of this section, plus transportation charges from the point of production to the buyer's receiving point.

(c) The foregoing maximum prices specified in (a) and (b) of this section shall be altered for all varieties, except Rexoro and Nira, as follows:

(1) Increased .162 cent per hundred pounds for each one-tenth of a pound of whole kernels and .5 cent per hundred pounds for each one-tenth pound of total milled rice (all classes) which any lot is appraised to yield above base quality.

(2) Decreased .162 cent per hundred pounds for each one-tenth of a pound of whole kernels and .5 cent per hundred pounds for each one-tenth of a pound of total milled rice (all classes) which any lot is appraised to yield less than base quality.

(d) The foregoing maximum prices specified in paragraphs (a) and (b) of this section shall be altered for Rexoro and Nira as follows:

(1) Increased .33 cent per hundred pounds for each one-tenth of a pound of whole kernels and .5 cent per hundred pounds for each one-tenth of a pound of total milled rice (all classes) which any lot is appraised to yield above base quality.

(2) Decreased .33 cent per hundred pounds for each one-tenth of a pound of whole kernels and .5 cent per hundred pounds for each one-tenth of a pound of total milled rice (all classes) which any lot is appraised to yield less than base quality.

7. Section 7 is amended to read as follows:

SEC. 7. *Charges for sacks.* When any person sells any rough rice, sacked, and has furnished the sacks, the maximum price therefor shall be the maximum price for a like sale of rough rice, bulk, plus an amount equal to 12 cents per hundred pounds of such rough rice: *Provided*, That in lieu of such additional charge, the seller may retain title to such sacks and require their return to him at his expense.

8. Section 8 is amended to read as follows:

SEC. 8. *Actual weight at time of delivery governs.* The actual net weight of the lot of rough rice at the time of the delivery thereof to each purchaser shall govern in determining the appropriate maximum price for each sale under section 4 or 5 hereof: *Provided*, That, in the case of rough rice in sacks holding approximately 100 pounds each, the actual net weight may be determined by deducting from the gross weight in California three-quarters of a pound and, from the gross weight elsewhere, one pound for each sack.

9. A new sentence is added at the end of section 9 (a) to read as follows: "Any charges for storage or warehousing incurred prior to the receipt by the storagemen or warehousemen of a written notice of the sale shall be conclusively presumed to have been incurred prior thereto."

10. A new paragraph (c) is added to section 9 to read as follows:

(c) Whenever a purchaser makes advance payments to the seller prior to the delivery of the rough rice, interest must be charged thereon or otherwise deducted from the purchase price at the going rates in the community in which the rough rice is grown from the time of such advance to the time of delivery.

11. The second paragraph of section 12 is amended to read as follows:

Every contract for the sale of rough rice, which is governed by this regulation, entered into after September 24, 1945, shall be in writing, shall set forth the information required by the previous paragraph of this section and shall be filed with the district office of the Office of Price Administration for the district in which the rough rice is grown within ten days of the execution.

For the reasons set forth in an opinion issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to paragraph (a) (16) of Order A-2 under § 1499.159b of Maximum Price Regulation No. 188; it is ordered:

(a) *Manufacturer's maximum prices.* Johnson Manufacturing Company, 6601 San Leandro Avenue, Oakland, California, may add the following additional adjustment charges to its maximum prices for sales and deliveries to retailers of the articles listed below which it manufactures, resulting in the following adjusted maximum prices:

Article	Model No.	Maximum price	Adjustment permitted by par. (d) of Order No. 1052	Additional adjustment permitted by this order	Total adjusted maximum prices
Chest...	0336	\$3.85	\$0.19	\$0.16	\$4.20

(b) *Maximum prices of purchasers for resale.* A person who hereafter buys an article covered by this order and resells

it in substantially the same form, may collect from his customer, in addition to his properly established maximum price in effect immediately before this order was issued, an adjustment charge in the same amount as the additional adjustment charge herein authorized for and which he pays to his supplier. If he did not have a maximum price in effect for the article at the time this order was issued, he may add the same adjustment charge to the maximum price which he hereafter establishes for his sales under the applicable regulation. If the applicable regulation requires the maximum resale price to be computed on the basis of cost, the reseller must find his maximum resale price, (not including the permitted adjustment charge), by using as cost his invoice cost less any adjustment charge stated on the invoice as a separate amount.

On all sales other than sales to the ultimate consumer this additional adjustment charge may be made and collected only if it is separately stated on each invoice. The adjusted price is subject to each seller's customary terms, discounts, and allowances on sales of the same or similar articles. The adjustment charge authorized in this paragraph (b) is in addition to any adjustment charge permitted for wholesalers by Order No. 1052 under Maximum Price Regulation No. 188.

(c) *Notification.* At the time of or prior to the first invoice to a purchaser for resale on and after the effective date of this order, showing a price adjusted in accordance with this order, the seller shall notify the purchaser in writing of the method established by paragraph (b) of this order for determining maximum adjusted prices for resales of the article. (f) *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or order. A seller's license may be suspended for violation of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

(g) *Right to revoke or amend.* This order may be revoked, modified, or amended at any time by the Price Administrator or the Regional Administrator.

Effective date. This Order No. G-61 shall become effective on the 4th day of September 1945.

Commonwealth having stated in the declaration that "The Board . . . recognizes that the restatement of the carrying value of Commonwealth's investments, which restatement it is proposed in the Amended Plan will be made upon consummation thereof, will result in a decrease in such carrying value in an amount not less than the sum of (a) the amount shown as 'Earned Surplus' in the balance sheet as at July 31, 1945 and (b) the amount of net income to be received subsequent to July 31, 1945 and prior to the date of such restatement, provided such restatement is completed within some reasonable period, say by March 31, 1946, and, accordingly, the 'Earned Surplus' account is so qualified that, under the rules and practice of the Commission, payment of said dividend is subject to the requirements of Commission authorization under the provi-

The Commission deeming it appropriate in the public interest and in the interest of investors and consumers to permit said declaration to become effective; and

Commonwealth having requested that the effective date of the declaration be accelerated to facilitate the prompt payment of the proposed dividend to the preferred stockholders and the Commission deeming it appropriate that such request for acceleration be granted;

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid declaration be, and the same hereby is, permitted to become effective forthwith, *Provided, however*, That this order shall not be construed as a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code, and provided further that Commonwealth accompany the dividend checks with a statement to the effect (1) that the Commission regarded the dividend payment as being made out of capital for purposes of the Public Utility Holding Company Act of 1935 and (2) that the Commission's statement to this effect did not purport to be a determination that such dividend payment is or is not taxable to the recipient pursuant to the provisions of the Internal Revenue Code.

It is ordered, Pursuant to the applicable provisions of the act, and subject to the condition and further reservations of jurisdiction hereinafter set forth, that the amended plan (dated as of November 15, 1944), as modified, be and hereby is approved, and that the applications and declarations with respect to the issuance, transfer or acquisition of securities or of assets and the distribution of cash and assumption of bonds contemplated by said plan, be and hereby are granted and

permitted to become effective, respectively:

Provided however, That this order shall not be operative to authorize any issuance of securities, transfer or acquisition of securities or of assets, or distribution of cash, or assumption of bonds, contemplated by said plan nor the consummation of such plan in any respect, until an appropriate District Court of the United States shall have entered an order enforcing said plan pursuant to an application duly made by the Commission for that purpose: *And provided further*, That this order is issued on the condition that jurisdiction of this Commission under Rule U-27 with respect to the original cost studies relating to the public-utility properties to be acquired by Peoples and the recording of the accounting entries to reflect the results thereof shall continue in full force and effect: *And provided further*, That jurisdiction is hereby reserved:

1. To revise or to pass upon any revision of the procedure set forth in the plan as amended for the nomination and election of a new board of directors.

To take such action as the Commission shall deem necessary or appropriate to effectuate the terms of the Commission's order with respect to Peoples issued on August 22, 1945, pursuant to section 11 (b) (1) of the act, and to secure compliance by Peoples with section 11 (b) (2) of the act in the event the Amended Plan, as modified, is not enforced as provided in such plan.
